2.5 Amount Due and Owing to GSCB Group by Related Party(ies)

As at LPD, there is no amount due and owing to GSCB Group by its Related Party(ies) which exceeded the credit term. As such, the disclosures required under Paragraphs 16A and 16B in Annexure PN12-A of the Listing Requirements are not applicable.

2.6 Disclosure and Review Procedures for the RRPT(s)

The Company has implemented the review and disclosure procedures for the RRPT(s) to ensure that the RRPT(s) are conducted on an arm's length basis and are based on normal commercial terms consistent with GSCB Group's usual business practices and are on terms that are not more favourable to the Related Party(ies) than those generally available to the public and are not to the detriment of the minority shareholders of the Company.

To monitor the RRPT(s), the following review and disclosure procedures have been implemented for each proposed RRPT(s):-

- (i) the management of GSCB will ensure that the RRPT(s) will only be entered into after taking into account the pricing, expertise and other related factors. The transaction prices will be determined by market forces, similar to those prices for transactions with unrelated third parties, and references will be made to surveys and/or valuations to be undertaken to gather information on market prices where applicable;
- (ii) records will be maintained by the Company to record all the RRPT(s) entered into to ensure that relevant approvals have been obtained and review procedures in respect of such transactions are adhered to;
- (iii) the Audit and Risk Management Committee periodically reviews the procedures set by GSCB to monitor related party transactions to ensure that these transactions are carried out on normal commercial terms not more favourable to the Related Party(ies) than those generally available to the third parties, at arm's length with the Related Party(ies) and are not detrimental to the minority shareholders of the Company. All reviews by the Audit and Risk Management Committee are reported to the Board for further action. In its review and approval of such transactions, the Audit and Risk Management Committee may, as it deems fit, request for additional information pertaining to the transactions from independent sources or professionals;
- (iv) GSCB will, where applicable, make disclosures in its annual report of the breakdown of aggregate value of transactions made pursuant to the shareholders' mandate during the financial year and for the subsequent financial years in which the mandate remains in force based on the type of RRPT(s) made and the nature of relationship of the Related Party(ies); and
- (v) in the case of RRPT(s) where any Director has a direct or indirect interest, he shall abstain from all deliberations and voting in respect of the said transaction. Where any member of the Audit and Risk Management Committee is interested in any transactions, that member shall abstain from voting in any matter relating to any decision to be taken by the Audit and Risk Management Committee with respect to such transactions. There are no thresholds for approval of RRPT(s) as all the transactions will be reviewed by the Audit and Risk Management Committee and approved by the Board of Directors.

Wherever possible, the Management will endeavour to ensure that at least two (2) other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used for comparison purposes, to determine whether the price and terms offered to/by the related parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for similar type of products/services and/or quantities (if applicable). In the event for any reason, a quotation or comparative pricing from unrelated third parties cannot be obtained, the transaction price will be determined by GSCB based on the usual commercial terms, business practices and policies or otherwise in accordance with other applicable industry norms/ considerations to ensure that the RRPT(s) is not detrimental to GSCB Group.

2.7 Statement by Audit and Risk Management Committee

The Audit and Risk Management Committee of the Company has seen and reviewed the procedures set out in section 2.6 above and is of the view that the procedures are sufficient to ensure that the RRPT(s) will be entered into at arm's length and in accordance with the Company's normal commercial terms and on terms which are not more favourable to the Related Party(ies) than those generally available to the public, and are not to the detriment of the minority shareholders of the Company. Any member of the Audit and Risk Management Committee who is interested in any RRPT(s) shall not be involved in the review of the said transaction.

GSCB has in place adequate procedures and processes to monitor, track and identify RRPT(s) in a timely and orderly manner, and such procedures and processes are reviewed on a quarterly basis or whenever the need arises.

3.0 RATIONALE AND BENEFITS OF THE PROPOSED RENEWAL OF EXISTING SHAREHOLDERS' MANDATE

The RRPT(s) entered into by GSCB Group with the Related Party(ies) are in the ordinary course of business, are necessary for its day-to-day operations, are undertaken at arm's length on normal commercial terms and are undertaken on terms not more favourable to the Related Party(ies) than those generally available to the public. The RRPT(s) are likely to continue to occur to some degree of frequency and arise at any time, and from time to time.

These transactions may be constrained by the time-sensitive nature and confidentiality of such transactions, and it may be impractical to seek shareholders' approval on a case-by-case basis before entering into such RRPT(s). As such, the Board is seeking shareholders' mandate pursuant to Paragraph 10.09 of the Listing Requirements to allow the Group to enter into such RRPT(s) made at arm's length basis and on normal commercial terms and which are in the Board's opinion, not prejudicial to the interests of the shareholders and are on terms not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders.

By obtaining the shareholders' approval for the RRPT(s) and the renewal of the same on an annual basis, the necessity to convene separate general meetings from time to time to seek shareholders' approval as and when such RRPT(s) occur would not arise. This would reduce substantial administrative time, inconvenience and expenses associated with the convening of such meetings and allow manpower resources and time to be channelled towards attaining other corporate objectives without compromising the corporate objectives of the Group or adversely affecting the business opportunities available to the Group.

The RRPT(s) will also enhance the Group's ability to pursue additional business opportunities, which may be time-sensitive in nature.

4.0 DIRECTORS' AND MAJOR SHAREHOLDERS' INTERESTS

Save as disclosed in this Circular/ Statement, none of the other Directors and/or Major Shareholders and/or Persons Connected to the Directors and/or Major Shareholders has any interest, whether direct or indirect, in the Proposed Renewal of Existing Shareholders' Mandate.

Based on the Register of Directors' Shareholdings and Register of Substantial Shareholders as at LPD, the direct and indirect interests of the related party in respect of the proposed shareholders' mandate are as follows:-

(i) RRPTs for Sale and Purchase of Goods

<u>Director of Subsidiaries</u>

Related Party	Shareholding as at LPD			
	Direct		Indirect	
<u>Director of Subsidiaries</u>	No. of Shares	%	No. of Shares	%

HYC, MWS and LET, being the interested Directors and Major Shareholders of DOSB Tech, DP Powder and/or Demand Options (where applicable) respectively in the RRPTs, have abstained and will continue to abstain from the respective companies' board deliberation and will continue to abstain from the voting on the same.

HYC, being the interested Director will abstain from voting on the resolution pertaining to Proposed Renewal of Existing Shareholders' Mandate to be tabled at the forthcoming 18th AGM in respect of his direct shareholdings.

HYC, being the interested Director has undertaken to ensure that Persons Connected to him will abstain from voting on the resolution pertaining to Proposed Renewal of Existing Shareholders' Mandate to be tabled at the forthcoming 18th AGM in respect of his direct shareholdings.

MWS and LET do not have, whether direct or indirect interest in GSCB.

5.0 FINANCIAL EFFECTS

The Proposed Renewal of Existing Shareholders' Mandate are not expected to have any material impact on the share capital, NA per share, gearing, earnings and Major Shareholders' shareholdings of GSCB, including any benefit which is expected to accrue to the Company as a result of the transactions.

6.0 DIRECTORS' RECOMMENDATION

Having considered all aspects of the Proposed Renewal of Existing Shareholders' Mandate, the Board, is of the opinion that the entry into the RRPT(s) between GSCB Group and those Related Parties described in Section 2.4 above in the ordinary course of its business is fair, reasonable and in the best interest of the Company and its subsidiary companies and accordingly will be entered into to enhance the efficiency of GSCB Group.

For the reasons stated above, the Directors recommend that the shareholders vote in favour of the ordinary resolution in respect of the Proposed Renewal of Existing Shareholders' Mandate to be tabled at the forthcoming 18th AGM.

PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

1.0 INTRODUCTION

The Company had at the 17th AGM of the Company held on 15 September 2020, obtained its shareholders' approval on the Proposed Renewal of Share Buy-Back Authority to purchase up to ten percent (10%) of the total number of issued shares in the ordinary share capital of the Company at any point of time through Bursa Malaysia Securities. In accordance with the Listing Requirements governing the purchase of a listed issuer's own shares by the listed issuer itself, the aforesaid approval will continue to be in force until the conclusion of the forthcoming 18th AGM of the Company which will be held on 28 May 2021.

On 15 April 2021, the Company had announced its intention to seek the shareholders' approval for the Proposed Renewal of Share Buy-Back Authority.

The purpose of this Statement is to set out the details of the Proposed Renewal of Share Buy-Back Authority and to seek your approval for the ordinary resolution pertaining to the Proposed Renewal of Share Buy-Back Authority under one (1) of the agenda items for Special Business to be tabled at the forthcoming 18th AGM as set out in the Notice of the 18th AGM of GSCB.

The forthcoming 18th AGM of the Company is scheduled to be held on a fully virtual basis at the broadcast venue, which is the main venue of the 18th AGM, at the Meeting Room of Securities Services (Holdings) Sdn. Bhd., Level 7, Menara Milenium, Jalan Damanlela, Pusat Bandar Damansara, Damansara Heights, 50490 Kuala Lumpur, Wilayah Persekutuan on Friday, 28 May 2021 at 10:00 a.m. The Notice of the 18th AGM, together with the Form of Proxy, are enclosed in the Annual Report 2020 of the Company.

2.0 VALIDITY PERIOD

In compliance with Section 127 of the Act and any prevailing laws, rules and regulations, orders, guidelines and requirements issued by the relevant authorities, the Company is allowed to purchase its own shares on Bursa Malaysia Securities through its appointed stockbroker(s) as approved by Bursa Malaysia Securities.

The approval from the shareholders shall be effective upon passing of the ordinary resolution for the Proposed Renewal of Share Buy-Back Authority and will continue to be in force until:-

- (a) the conclusion of the next AGM of the Company following the general meeting at which such resolution was passed, at which time it will lapse unless by ordinary resolution passed at that meeting, the authority is renewed, either unconditionally or subject to conditions;
- (b) the expiration of the period within which the next AGM after that date is required by law to be held; or
- (c) revoked or varied by ordinary resolution passed by the shareholders of the Company in general meeting,

whichever occurs first ("**Proposed Authorised Period**").

3.0 RETAINED PROFITS

As at LPD, the total number of issued shares of GSCB is 110,019,000 ordinary shares. The Proposed Renewal of Share Buy-Back Authority will enable the Company to purchase up to a maximum of 11,001,900 ordinary shares, representing ten percent (10%) of the existing total number of issued shares of the Company.

Under the provisions of the Act, the share buy-back must be made wholly out of retained profits of the Company. Based on the latest audited financial statements of the Company for the financial year ended 31 December 2020, the audited retained profit of the Company was RM33,970,000. Based on the unaudited financial statements of GSCB for the three (3) months period ended 31 March 2021, the retained profit was recorded at RM34,706,000. The Company will ensure that the maximum amount of funds to be utilised for the share buy-back will not exceed the aggregate of the retained profits of the Company based on the latest audited financial statements and/or the latest management accounts of the Company (where applicable) available at the time of the purchase.

In accordance with Section 127 of the Act and any prevailing laws, rules, regulations, orders, guidelines and requirements issued by the relevant authorities, the number of GSCB shares to be purchased and timing of the purchase will depend on the market conditions and sentiments of share market together with the amount of funds (retained profit) and financial resources available to the Company. In the event the Company intends to purchase its

own shares using external borrowings, the Board shall ensure that the Company shall have sufficient funds to repay the external borrowings and that the repayment would have no material effect on the cash flow of GSCB Group.

4.0 PUBLIC SHAREHOLDING SPREAD

As at LPD, the public shareholding spread of GSCB was 28.09%. For illustration purposes, based on the public shareholding spread of the Company as at LPD, if the share buy-back is implemented in full i.e. up to 10% of the share capital is purchased through Bursa Malaysia Securities entirely and assuming the shareholdings of the Directors and Major Shareholders or Persons Connected to them remain the same, the proforma public shareholding spread of the Company is expected to be 20.42%.

Notwithstanding the above, the Company, in implementing the share buy-back, will be mindful in ensuring that the minimum public shareholding spread of 25% is met and maintained.

5.0 SOURCE OF FUNDS

The Proposed Renewal of Share Buy-Back Authority will allow the Board to exercise the power of the Company to purchase and/or hold its own shares at any time within the Proposed Authorised Period as stated above using the internally generated funds of the Company and/or external borrowings. The actual number of GSCB shares to be purchased, the total amount of internally generated funds and/or external borrowings involved for each purchase and the timing of the purchase will only be determined later depending on the availability of internally generated funds, the repayment capabilities, the actual number of GSCB shares to be purchased and other relevant cost factors.

6.0 POTENTIAL ADVANTAGES AND DISADVANTAGES

The potential advantages of the Proposed Renewal of Share Buy-Back Authority to the Company and its shareholders are as follows:-

- The EPS of GSCB Group would be enhanced (all things being equal). This is expected to have a positive impact on the market price of GSCB shares, which will benefit the shareholders of GSCB.
- The proposed purchase will also result in reduction of the share capital base which may enhance the possibility of declaring a higher rate of dividend in the future.
- If the Purchased Shares are retained as treasury shares, it will provide the Board an option to sell the Purchased Shares at a higher price and therefore, make an exceptional gain for the Company. Alternatively, the Purchased Shares can be distributed as share dividends to shareholders.

The potential disadvantages of the Proposed Renewal of Share Buy-Back Authority to the Company and its shareholders are as follows:-

- It will reduce the financial resources of the Group and may result in the Group foregoing better investment opportunities in future or, at least deprive GSCB Group of interest income that can be derived from the funds utilised for the Proposed Renewal of Share Buy-Back Authority; and
- As the Proposed Renewal of Share Buy-Back Authority can only be made out of retained profits of the Company, it may result in the reduction of financial resources available for distribution to shareholders in the immediate future.

7.0 RISK FACTORS

The Board is not aware of any risk factors relating to the Proposed Renewal of Share Buy-Back Authority which could have a material adverse effect on the business or financial position of GSCB Group.

8.0 RATIONALE AND BENEFITS OF THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

The Proposed Renewal of Share Buy-Back Authority will enable the Company to utilise any of its surplus financial resources to purchase its shares. It also provides the opportunity for the Company to stabilise the supply and demand of the shares in the open market and thereby allowing the share price of the Company to better reflect the fundamental value of its shares. If the purchased the shares of the Company are subsequently cancelled, the long term

investors are expected to enjoy a corresponding increase in the value of their investments in the Company with the proportionate strengthening of the EPS of the Company.

The purchased shares can also be held as treasury shares and resold in accordance with the Listing Requirements on the market of Bursa Malaysia Securities at a higher price with the intention of realising a potential gain without affecting the total issued share capital of the Company. In the event the treasury shares are distributed as share dividends to shareholders, this would serve as a reward to the shareholders of the Company.

The Proposed Renewal of Share Buy-Back Authority will also provide the flexibility to use the purchased shares which are held as treasury shares for the purposes of the employees' share scheme established by the Group or purchase consideration.

9.0 FINANCIAL EFFECTS

On the assumption that the Proposed Renewal of Share Buy-Back Authority is carried out in full, the effects on the share capital, NA, working capital, EPS and dividends of GSCB are set out below:-

9.1 Share Capital

In the event the Company acquires the full amount of GSCB shares authorised under the Proposed Renewal of Share Buy-Back Authority and all the Purchased Shares so acquired are cancelled, the share capital of the Company will be as follows:-

Scenario I: Assuming that none of the Employees' Share Option Scheme ("ESOS") are exercised

Scenario II: Assuming that the maximum unexercised ESOS vested for year 2016 to 2022 are exercised

	Scenario I	Scenario II
	No. of ordinary shares	No. of ordinary shares
Total number of issued shares as at LPD	110,019,000	110,019,000
To be issued pursuant to the exercise of ESOS	-	3,528,000
Proposed Share Buy-Back (up to 10%)	(11,001,900)	(11,354,700)
Share capital after the Proposed Share Buy-Back	99,017,100	102,192,300

However, the Proposed Renewal of Share Buy-Back Authority will have no effect on the share capital if all Purchased Shares are to be retained as treasury shares but the rights attaching to the treasury shares in relation to voting, dividends and participation in any other distributions or otherwise are suspended. While these shares remain as treasury shares, the Act prohibits the taking into account of such shares in calculating the number of percentage of shares in the Company for a purpose whatsoever including substantial shareholdings, takeovers, notices, requisitioning of meetings, quorum for meetings and the result of votes on resolutions.

9.2 NA

The effects of the Proposed Renewal of Share Buy-Back Authority on the NA per share of GSCB Group are dependent on the number of GSCB shares which the Company will buy back, purchase price of the shares at the time of buy back, the treatment of the shares so purchased and the funding cost, if any. If all shares so purchased are cancelled, the consolidated NA per share of the Group is likely to be reduced if the purchase price exceeds the NA per share, whereas the NA per share of the Group will increase if the purchase price is less than the NA per share of the Group at the time of purchase.

For Purchased Shares which are kept as treasury shares, upon resale, the NA per share of the Group would increase assuming that a gain has been realised or decrease if a loss is realised. If treasury shares are distributed as share dividends, the NA of the Group would decrease by cost of the treasury shares.

9.3 Working Capital

The Proposed Renewal of Share Buy-Back Authority will reduce the working capital of GSCB Group, the quantum of which depends on the purchase price of the shares and the number of shares that would be purchased pursuant to the Proposed Renewal of Share Buy-Back Authority.

9.4 EPS

Assuming that the Purchased Shares under the Proposed Renewal of Share Buy-Back Authority are cancelled, the Share Buy-Back may increase the EPS of GSCB Group. Similarly, on the assumption that the Purchased Shares are treated as treasury shares and subsequently resold, the extent of the effect on earnings of GSCB Group will depend on the actual selling price and number of treasury shares resold and the effective gain arising. In the event the Purchased Shares are held as treasury shares, i.e., neither cancelled nor resold, the effective reduction in the share capital of GSCB pursuant to the Proposed Renewal of Share Buy-Back Authority would generally, all else being equal, increase the consolidated EPS of the Company.

9.5 Dividends

Assuming the Proposed Renewal of Share Buy-Back Authority is implemented in full and the Company's quantum of dividend is maintained at historical levels, the Proposed Renewal of Share Buy-Back Authority will have the effect of increasing the dividend rate of the Company as a result of the reduction in the share capital of the Company.
